

Potential Air Quality Control Commission Rule Revisions Related to Colorado's 8-hour Ozone "Bump-up" SIP

Stakeholder Meeting Agenda

Thursday, March 17, 2016

9:30-11:30 (CDPHE's Sabin-Cleere Room)

Space is limited; pre-registration is recommended.

Pre-register at: <http://goo.gl/forms/xxjtYev95m>

PURPOSE

1. Explain relationship between potential rule revisions and the Regional Air Quality Council's 8-Hour Ozone Control Strategy Evaluation Effort
2. Discuss potential rule revisions being considered
3. Solicit stakeholder comments

DESIRED OUTCOMES

By 11:30 today,

- A. Understand what rule revisions are being considered for inclusion in Colorado's 8-Hour Ozone "Bump-up" SIP.
- B. Understand the associated timeline for developing these rule revisions.
- C. Identify specific issues on which the Division is seeking comment.

AGENDA

1. Introductory Remarks (10 min)
2. Presentation and Q&A on Potential Air Quality Control Commission (AQCC) Regulatory Revisions (90 min)
 - a. Bump-Up SIP Revisions
 - b. SIP Fix Revisions
 - c. Other Revisions
3. Discussion of Other Options (15 min)
4. Meeting Wrap-Up and Next Steps (5 min)
